

POWER LINE U.S.A.

Diesel Engine • Diesel Heated
HOT/COLD/STEAM PRESSURE WASHER
Diesel Series

- TRAILER COLORS**
- Red
 - Black
 - Blue
 - Yellow

DIESEL POWER PLANT
Kubota or Kohler
9.8 HP to 56 HP

DIESEL BURNER
Schedule 80 Coil
Super Efficient

LARGE FUEL TANK
26 Gallon Fuel Tank

INTEGRATED
Gun Holster

WATER TANK
200 - 650 Gallon
Available

2 HEAVY DUTY
H.D. 5,000 PSI
Hose Reel

SIDE TOOL BOXES
Super Duty &
Lockable
(UPGRADE)

SUPER DUTY TOOL BOX
Diamond Plate / Lockable

HEAVY DUTY AXLES
H.D. 3,500 lb Axles
5 Lug 15" Tires

HEAVY DUTY
2⁵/₁₆" HITCH
Solid Design
Adjustable

PREMIUM EPOXY PAINT
Long Lasting Finish

HEAVY DUTY TRAILER
Solid Diamond Plate
Steel Deck

PUMP SYSTEM
Premium General Pumps
4 GPM to 18 GPM

DUAL FILTER SYSTEM

12 GALLON
Chemical Tank &
Antifreeze Tank

Premium Quality = More Years of Service = BEST RETURN ON INVESTMENT

This power wash trailer system is custom from the ground up! Featuring a 12' full diamond plate steel deck trailer with 3,500 lb axles, and power plants that can deliver up to 5,000 psi. Featuring premium belt driven pumps. Perfect for the budget minded contractor that wants to look and be super professional! Features a new tandem axle trailer design and a super efficient heater coil - saving fuel and generates exceptional cleaning power to clean nearly any job! Generates hot or cold water as well as steam, and is fully upgradeable.

MODEL	MOTOR	OUTPUT**
TADCG98-403500	9.8 HP Kohler	4.0 GPM @ 3,500 PSI
TADIG199-553500	19.9 HP Kubota	5.5 GPM @ 3,500 PSI
TADIG261-803000*	26.1 HP Kohler	8.0 GPM @ 3,000 PSI
TADIG29-903500*	29 HP Kubota	9.0 GPM @ 3,500 PSI
TADIG56-184000	56 HP Turbo Kubota	18.0 GPM @ 4,000 PSI

* Dual Gun Available

** Output is determined by elevation, pump conditions and nozzle size.

"Over 30 years of Manufacturing Premium Quality Equipment in Service Worldwide."

CUSTOM BUILD - CALL FOR DETAILS

Exclusive Engineering Features

Dual Filter Intake System

We pre-plumb the pump intake so you can draw water from a tank or garden hose, and we include a dual filter system, one 80 mesh and the other 50 mesh, to protect the pump. **This has proven to dramatically increase the pump life and reduce down time.**

Pump Saver System

We also engineer systems with our "pump saver system." When trigger is released, the bypass water recirculates back to water tank. **This keeps the head of the pump cool, extending its life.**

Complete Belt Driven System

All components are belt driven. The pump, generator are Dual-V-Belt Driven. Belt driven reduces vibration and allows the pump to run at 1/2 RPM. **This extends operational life.**

Antifreeze System

We engineer our trailer units with our quick antifreeze system, where you close one ball valve and open the antifreeze ball valve - then run the machine for 30 seconds and the entire system is antifreezed - to start the machine - then recapture the antifreeze in the antifreeze tank. We also incorporate our cool pump system that keeps the head of the pump cool for long life.

Features

- Hot/Cold or Steam Operation
- "TBS" - Total Belt Driven for Ultimate Reliability
- "Quick" Antifreeze System
- Exclusive "Pump Saver" Engineering
- Premium Cogged Belts for Long Life
- Full Size Battery Box
- Large Fuel Tanks
- Room for Signage
- Full Controls - Thermostat/Hour Meter/Nozzle Holder/Gun Holder

Includes "Monster Accessory Package"

- Extra Set of Nozzles - 8 Total
- Turbo Nozzle
- 100' Total of High Pressure Steel Braided Hose
- "Down-Stream" Chemical Injector System (This chemical injection system bypasses the coil and pump and allows you to apply detergents under low pressure saving you heating coil and pump)
- 100' of HD Fill Hose
- Extra Burner Fuel Filter
- Dual Lance Wand and Standard Wand and Gun
- 5 Gal Drum-Pak of our Exclusive "Power Plus" Degreaser
- Super Duty Tool Box
- Wand Holder
